

**Silica Tape**

Revised: September 6, 2011

---

Silica Tape is a woven product manufactured from texturized amorphous silica filament fiber. The tape has a continuous service temperature of 2000°F and is strong, flexible and has better abrasion resistance than traditional silica fiber tapes. Excellent for furnace door seals, strip curtains, wrapping of hose, electrical cables, pipes, etc.

<b>Weave</b>	Plain
<b>Thickness</b>	0.065" (+/- 10%) & .125" (+/- 10%)
